

## OFFICIALS HONOR BRITISH MISSION

### Secretary Lansing Formally Presents Balfour to President Wilson

### CONFER NEARLY AN HOUR

Briton Guest of Honor At Most Notable Dinner at White House In a Generation

### COMMISSION SURPRISED

WASHINGTON, April 23.—Great Britain's war commissioners spent today in the American capital receiving every mark of honor and courtesy within the gift of the government.

Foreign Secretary Arthur James Balfour, formally presented by Secretary Lansing to President Wilson in the morning, was the guest of honor tonight at the most notable dinner given at the white house in a generation.

### Lunches With Jusserand

During the day he was presented to Vice-President Marshall at the capital, lunched with Ambassador Jusserand at the French embassy and received cards or calls from many prominent persons including Former Secretary Bryan.

Meanwhile Lieut. General Bridges and other British army officers called on Secretary Baker, Major General Scott, chief of staff, and war department officials; Admiral de Chair and his naval aides called on Secretary Daniels, Admiral Henson and other navy department officials; and Lord Cunliffe, governor of the Bank of England, called on Secretary McAdoo at the treasury department.

The conferences so far, with the enthusiasm that the people of the capital have shown and the courtesies and cordialities extended by the officials, have taken the British commission completely by surprise. Mr. Balfour, after three quarters of an hour's conversation with President Wilson, remarked enthusiastically that his trip had been justified by that meeting alone.

### Exclaim Over Warmth of Welcome

All during the day members of the commission exclaimed over the warmth of the welcome, especially on their arrival yesterday. While no formal negotiations were entered into today, the preliminary conferences were stated not to have been wholly perfunctory, but rather to have laid an excellent basis of acquaintance and understanding for the detailed conferences to follow. President Wilson and Mr. Balfour are known to have touched on the broad phases of the situation in such a way as to give each an insight into the other's personality and viewpoint and to have established an atmosphere of confidence and concord between them.

The official prediction was made that no formal conferences would be begun until the arrival of the French commissioners expected now in the next few days.

Ground work will be laid so that the moment the French arrive the negotiations may begin in earnest.

Mr. Balfour plans to spend tomorrow morning working out the division of proper British and American officials to meet for the tasks before them. Another score of subordinate British officials are expected shortly on a merchant vessel.

The British commission announced that its purpose in coming to this country was purely one of co-operation, service and gratitude and that from now on the direction of the conferences would rest largely with the American government. At the same time, American officials concurred in the British that this country appreciates England's courtesy in sending such distinguished spokesmen and is fully dedicated to every possible effort against the common foe.

### To Make Public Statements

Mr. Balfour, it was stated, will make several public statements during his stay as to the English point of view and will attempt to remove any misconceptions he may find existing. Vice-President Marshall invited him to address the senate, but it is improbable he will appear before congress unless perhaps with French Minister of Justice Viviani. Arrangements are being made for him to see members of the press Wednesday.

General Bridges will be interviewed tomorrow and Lord Cunliffe on Thursday.

Tonight's dinner at the white house was the climax of an eventful day. Mr. Balfour, British Ambassador Spring-Rice and all the ranking members of the cabinet, chief Justice White, the advisory committee of the council of National defense, Secretary Tamm and Miss Helen Woodrow Bones, cousin of the president.

At the same time other members of the commission were being entertained at dinner at the Sixteenth

## FURTHER REPORTS FROM RUSSIA ENCOURAGING

Tell of Effect of President Wilson's War Address

Despatch States Russia is No More Likely to Abandon the War Without Achieving Her Object Than is the United States.

Washington, April 23.—Further encouraging reports from Russia came today in a despatch to the state department telling of the effect of President Wilson's war address and declaring that Russia under the new Democratic provisional government is no more likely to abandon the war without achieving her object than is the United States.

Recalling that one of the impelling causes of the overthrow of the imperial regime was the belief that it was planning a separate peace, the despatch said the revolution would expedite the defeat of Germany and the establishment of a general peace.

Prompt recognition accorded the new government by the United States helped the council of ministers and their supporters, the department was informed, while President Wilson's allusion to the Russian revolution in his address to congress made a deep, lasting impression on the people. The address had been translated together with other of the president's utterances concerning American participation in being given wide circulation.

No people according to the report ever have made greater sacrifices for freedom than the Russians and they fully realize that a separate peace would jeopardize all they have gained. The participation of the United States has imbued them with a firm determination. The belief they have an army unequalled in number, unexcelled in courage and led by commanders of ability and patriotism and will make a sacrifice rather than conclude a separate peace.

## WILL MAKE COMPLAINT AGAINST ACTIVITIES

NEW YORK, April 23.—Complaint will be made formally to the state department in Washington against the activities of persons in this country, who, it is alleged, have been plotting to create another revolution in Cuba, according to an announcement here tonight by the public of Cuba news bureau. A statement issued by the news bureau said the Cuban authorities had come into possession of a proclamation purporting to have been written by Dr. Orestes Ferrera, former speaker of the house of representatives of Cuba who is now in this city, setting May 29 as the date for the proposed uprising.

Dr. Ferrera when shown a copy of the proclamation denied he had written it and characterized it as a "base libel and a forgery."

## CULTIVATE HUNDREDS OF ACRES ON RIGHT OF WAY

SPRINGFIELD, Ill., April 23.—Hundreds of acres along the right of way of Illinois railroads have been put under cultivation to combat the threatened shortage of food, it was announced by railroad officials here today.

W. C. Hurst, general manager of the Chicago, Peoria & St. Louis railroad, said three hundred and fifty employees of his road were raising potatoes and onions on the road's right of way.

Similar conditions are said to exist on other roads.

All land must be leased thru the state public utilities commission because the railroads are public utilities.

## RESOLUTIONS ENDORSE WAR ARMY MEASURE

JEFFERSON CITY, Mo., April 23.—The Missouri conference on food production today adopted resolutions endorsing the administration army bill and requesting congress to pass legislation to support that measure. Resolutions also were adopted urging congress to make effective the resolution of Secretary of Agriculture Houston that the council of National Defense be given authority to fix maximum and minimum prices for food and to prohibit speculation in food products.

After a heated debate the conference adopted a resolution endorsing the plan to forbid the use of corn and other food products for the manufacture of intoxicants during the war.

## ALDRICH PLEADS GUILTY TO SWINDLING

SPRINGFIELD, Ill., April 23.—Edward L. Aldrich, said to have swindled fire and tornado insurance companies out of thousands of dollars, pleaded guilty today in the Sangamon county circuit court and was given an indeterminate penitentiary sentence. Aldrich made Rockford his home when engaged in the alleged swindling operations.

He was arrested recently by a deputy state fire marshal while posing as a farmer at Nolichucky, Washington county, charged with losses, it was said, being adjusted thru a brother, George, who took his life at Rockford eighteen months ago.

## AUTHORIZE EXPORTATION OF WHEAT AND FLOUR

Buenos Aires, April 23.—In accordance with an agreement entered into with the British minister, the Argentine government has authorized the exportation of 150,000 tons of wheat and 20,000 tons of flour to England on condition that 200,000 tons of wheat from the Canadian harvest shall be returned to Argentina in July.

## CONGRESS TAKES UP FOOD PROBLEM

### Senate Agriculture Committee Begins Public Hearings

### HOUSTON GIVES PROGRAM

Trade Commission Asks Governors To Send Representatives for Conference April 30

### FARMERS OFFER SUPPORT

WASHINGTON, April 23.—Congress took up the food problem today in public hearings by the senate agriculture committee at which Secretary Houston set forth the administration's food control program.

At the same time the federal trade commission, directed by President Wilson to investigate with the agriculture department the causes of high food prices, asked all state governors to send representatives to Washington April 30 for a conference on state co-operation.

### Farmers Assure Support

Before appearing at the committee hearing Secretary Houston put his plans before the heads of five of the country's big farmer's organizations and received assurances of support for any measures the government contemplates for getting a firmer grasp on food production and distribution. The farmers' representatives promised even to give their endorsement to legislation giving the government power to fix maximum and minimum prices in an emergency.

As its part in the government's plan the department of labor announced that it had undertaken the mobilization of a million boys as active farm workers for the summer. An organization will be formed to be known as the United States Boys' Working Reserve. Its operations will be directed from Washington by William Edwin Hall of New York, president of the boys' federation called here by Secretary Wilson for the task.

### Define Hoover's Duties

Two announcements of the day bearing on the food situation were a definition of the duties to be performed by Herbert C. Hoover as chairman of the food committee of the council of National Defense and the statement that William J. Bryan would tour the west to help spread the agriculture department's appeal for increased food production. Mr. Hoover, it was stated, will advise as to the best means of assisting the allies to meet their food needs and will assist state agencies and communities in meeting their food problems.

Appearing with Secretary Houston before the senate committee were the representatives of the Farmers' organizations.

Amplified Letter to Senate  
Mr. Houston amplified the letter he sent to the senate last week and answered questions about food supplies and prices and proposals for minimum and maximum price fixing legislation.

He said the department of agriculture lacked machinery to obtain an accurate estimate of the food supply at the present time and needed legislation to provide it.

Aside from the wheat and potato crops there had been no indicated shortage of staple foodstuffs, the secretary said. The nation needs for its normal domestic requirements about 440,000,000 bushels of wheat a year, he explained, including 80,000,000 bushels for seedling purposes. That amount, he said, was about this year's crop. Last year the nation had a "carry over" of about 70,000,000 bushels of wheat. From July last till March 10 the amount exported was about 30,000,000 bushels. With all these facts in mind the secretary said it was hard to determine the cause for \$2.32 wheat.

### Secretary Gives Figures

Figures were given showing that the production of corn, barley, oats, rice, milk, butter, eggs and other food products this year were greater or at least equal to the average for the last five years and that production had increased.

"I think," said Mr. Houston, "that high prices are due to a combination of circumstances."

"A combination of circumstances and people," suggested Senator Kenyon.

"Maybe," replied the secretary.

Secretary Houston said in his opinion the farmer is quite safe in increasing production and is sure to find high prices continuing even if peace were to come now. But he said the farmer should be guaranteed a minimum price for the things the government told him he should grow to help the nation.

"The sentiment thruout the country is fine," said he. "Undoubtedly the farmers are willing to respond to the best of their ability."

### Suggest Price Fixing

"I suggest that we should have legislation to fix a minimum price. I don't believe congress should attempt to fix prices of things that would be subject to shift, and the power should be conferred on the ex-

## BOTH HOUSES DEBATE WAR ARMY MEASURE

Passage of Staff Bill Regarded As Certain In Senate

President's Supporters Also Confident of Success on House Side, Tho the Contest There Will Be Bitter—Senate Debate May Continue Until Saturday.

Washington, April 23.—With both houses of congress debating the war army bill today it became more than ever apparent that there is no fight over whether a great army shall be raised, the only question being what strength can be mustered by opponents of the administration's selective draft plan. In the senate, passage of the general staff bill virtually without change is regarded as certain, on the house side the president's supporters also are confident of success for the contest there will be bitter. Discussion in the senate may continue until Saturday but the house, probably will be ready to vote Thursday.

Most of the speeches in the house were in favor of the administration plan after Representative Dent, chairman of the military committee, had made an opening statement earnestly supporting the bill as amended by his committee to authorize calls for volunteers, with provision for applying the draft only if the volunteer system fails.

Representative Nichols of South Carolina, ranking Republican of the committee appeared in the unique position of spokesman for the president and leader of the administration forces.

Representatives McKensie, Illinois; Crago, Penna.; Olney, Mass.; Lunn, New York; Greene, Vermont; Adamson, Georgia, and others spoke for the draft as the only effective method of raising the army needed.

Representative Nichols of South Carolina, joined Chairman Dent in championing the volunteer plan.

Senators Wadsworth and Weeks vigorously advocating the draft and Senator Thomas strongly opposing it, made the principal addresses in the senate.

## TO DIVERT SHIPS TO TRANS-ATLANTIC SERVICE

Transportation Men Confer With Shipping Board and Defense Council

Washington, April 23.—Immediate diversion of a number of steamships from the coastwise trade to transatlantic service was forecast by officials today after a conference here of transportation company representatives with the shipping board and the council of National Defense.

Many vessels, it was said, could be removed without disarranging railway service.

Legislation introduced in both the senate and house today by the administration would authorize the president to confer title and possession of the German and Austrian ships held in American ports. Repair to the damaged German and Austrian ships is being pushed as rapidly as possible. Some of them will be ready for service within a few weeks.

## TWO DEAD, 4 WOUNDED IN REVOLVER BATTLE

HAZARD, Ky., April 23.—In a revolver battle today, two men were killed and four others wounded, two of them seriously. John R. Feltner, aged 50, brother of "Boss" Feltner, killed here last fall, by a deputy United States marshal, was one of the victims. Roscoe Brewer, also was slain. Riley and Monroe Melton, brothers, received serious wounds. Russell Wootin, deputy sheriff, was wounded slightly, as was a fourth man, whose identity the officers have not determined.

Feltner had accompanied the sheriff to Brewer's home to assist in arresting Brewer who was under indictment and had forfeited bond supplied by Feltner. The Meltons were on the same mission.

## MORTALLY WOUNDS GIRL; ATTEMPTS SUICIDE

WATERLOO, Ia., April 23.—S. J. Swartz, 24, lies at the point of death in a local hospital tonight and Miss Retta Pennington, 21, is mortally wounded because of shots fired by Swartz. Swartz called at the girl's home and asked her to step outside. He then opened fire, hitting her in the back and arm. He then turned the gun on himself, firing two shots into his breast. No hopes are entertained for his recovery.

The girl stated Swartz had persisted in his attention to her, to which she objected.

## STATES WOMEN SHOULD PREVENT FOOD WASTE

SPRINGFIELD, Ill., April 23.—The first patriotic duty of the women of Illinois is to prevent waste of food, according to a circular letter sent broadcast thru the state today by Mrs. H. A. McKee of Springfield, secretary, and Mrs. Maud C. Hessler of Decatur, president of the department of domestic science of the Illinois Farmers' Institute.

Household science clubs of the state are asked to enter into a local campaign to stop waste and women who have studied domestic science are asked to volunteer to teach classes in food conservation.

## WAR SENTIMENT INCREASING

Peking, April 23.—The war sentiment in China is increasing daily. The Chinese are increased over the action of Germany in detaining the Chinese minister in Berlin pending the safe arrival of Von Hintze, German minister to Peking. There is also great indignation over the detention of Chinese students in Berlin and Munich.

## WILL MAKE FIRST LOAN TO ENGLAND

### M'Adoo to Announce Amount and Other Details in a Few Days

### WILL DEPEND ON NEEDS

Entire \$5,000,000,000 Probably Will Be Called for in Several Installments

### WILL ACCEPT BONDS

WASHINGTON, April 23.—Great Britain will receive the first proceeds to an amount as yet undetermined, of the \$5,000,000,000 bond issue to be offered to the public. The amount of the British loan if it was stated authoritatively today and other details probably will be announced by Secretary McAdoo within a few days.

### Day Crowded With Conferences

Announcement of the disposition of the first proceeds of the loan was made tonight at the treasury department after a day crowded with conferences between Secretary McAdoo and federal reserve board officials and American bankers and bond dealers and official representatives of Great Britain and France. Another development was the announcement that the size of the first issue of bonds authorized under the \$7,000,000,000 war finance measure will depend largely upon the immediate needs of the allies. Reports as to this have yet to be received in detail.

The entire \$5,000,000,000 of authorized bonds will not be offered in one lump sum, according to present plans, but probably will be called for in several installments. By this course it is believed financial disturbances which might result were the country called upon to absorb the whole issue at once will be averted.

### To Accept British Bonds

In reaching the decision to make the first loan to Great Britain, officials have been influenced by the knowledge that Great Britain, as banker for the allies prior to America's entrance into the war, has met the heaviest financial strain imposed upon any of the entente governments. In making the loan the United States will accept British bonds bearing 3 1/2 percent interest as security. These bonds will be deposited in the treasury here and the interest payments made upon them—at a rate considerably lower than that which Great Britain has had to pay for recent borrowings—will balance the payments made by the United States to holders of the American bonds.

A similar course will be followed in making loans to other allied nations.

Domestic phases of the forthcoming issue were discussed today by Secretary McAdoo with a delegation from the Bankers' Investment association headed by Henry L. Stewart of Chicago.

## UNABLE TO AGREE ON TARIFF SCHEDULES

May Result in Omission From New War Revenue Bill Proposed Levies on Good Now Admitted Free

Washington, April 23.—Inability of Democratic and Republican members of the ways and means committee to agree on tariff schedules probably will result in the omission from the new war revenue measure now in the making of all proposed levies on goods now admitted to this country free.

A sub-committee consisting of Chairman Kitchin and Representatives Rainey of Illinois and Dixon of Indiana, Fordney of Michigan and Longworth of Ohio, conferred all length today and it developed that they were at variance on most features of the proposed emergency tariff.

Exclusion of the tariff section will make necessary the raising of approximately \$200,000,000 additional revenue from other sources under the suggestions submitted to the committee by Secretary McAdoo. Altho committee members say they have not decided definitely where the additional revenue shall come from, it is generally reported that they plan to make the increases on corporation profits.

In general, it is said, Mr. McAdoo's suggestions are being closely followed.

## LEARN RELIEF SHIP ARRIVES IN PORT

LONDON, April 23.—The American commission for relief in Belgium has learned that the relief ship Kongsi has arrived in port and it is expected three fourths of the cargo will be saved. All the crew except the second mate were saved. Officers of the ship state that she was torpedoed.

An Amsterdam despatch April 21 reported that the Kongsi had been sunk by a mine or a submarine and one member of the crew was missing. A later despatch from Ymuiden stated that it had been ascertained that the Kongsi had not been sunk but was being towed in port.

## LAUNCH DRE'DNAUGHT NEW MEXICO AT NEW YORK

Ceremony of Private Character Because Nation is At War

Mrs. Margaret C. DeBaca, Daughter of a Former Governor of New Mexico, Christens Sea Fighter—Ship Said to Be First Equipped With Electric Drive.

New York, April 23.—Another dreadnaught entered American waters as a unit of the United States Navy today when the battleship New Mexico, comparing favorably offensively and defensively with any other fighting vessel afloat, was launched at the New York Navy Yard.

With no untoward incident, the ceremony, which usually is made an occasion of public festivity, was today of private character because the nation is at war. The New Mexico moving down the ways at five minutes before the hour set.

The New Mexico was christened by Miss Margaret C. DeBaca, daughter of a former governor of New Mexico. After she had successfully smashed a bottle of champagne upon the bow, Miss Virginia M. Carr, as maid of honor, broke apart a jar made by New Mexican Indians and containing a mixture of water from the Rio Grande and Pecos rivers.

United States Senator A. A. Jones represented the governor of New Mexico and there were nearly fifty residents of the state present.

The largest battleship ever constructed at the New York Navy Yard, the New Mexico is the sister ship to the Mississippi, recently launched at Newport News, Va., and the Idaho, under construction at Camden, N. J.

She will burn oil and is said to be the first battleship equipped with the electric drive. The keel was laid in October, 1915.

The original plans announced by the navy department called for 32,000 tons displacement for the New Mexico, a length of 620 feet over all, a mean draft of 30 feet, and a speed of 21 knots. She was designed to carry a main battery of twelve 14-inch guns of the latest naval model, together with twenty-two 5-inch guns, four 1-pounders, four anti-aircraft guns and four torpedo tubes.

## RELATE HOW THEY ALMOST CAUGHT VILLA

JUAREZ, Mex., April 23.—A tale how they almost caught Villa was told by officers of General Francisco Murguia's staff today when they returned from the recent battle at Babicora, ranch. Yaqui Indian scouts crept to the house where a spy told him Villa and his staff were passing the night and were preparing to attack when a guard on the roof opened fire giving the alarm. Villa escaped in the darkness, the officer said, but several of his staff were killed.

General Murguia left for Mochizuma late today with 4,000 troops which he brought back with him from the campaign in the Casas Grandes region.

## STATE HALTS TRIAL OF HARRY J. SPANELL

COLUMBIA, Tex., April 23.—The trial of Harry J. Spanell, charged with killing Lieut. Col. M. C. Butler at Alpine, Texas, last July was halted today by the prosecuting attorney who announced he could not proceed without Mrs. B. F. Jenkins of El Paso, Texas, as a witness. Mrs. Jenkins could not be located during the day and a recess was taken until tomorrow morning. Spanell was arrested some time ago at San Angelo of killing his wife, Crystal Holland Spanell, who met death by revolver shot at the same time Colonel Butler was shot and killed while riding in Spanell's automobile.

## RECRUITING FIGURES SHOW STEADY DECLINE

WASHINGTON, April 23.—Despite the fact that men enlisted for the regular army are now being assured that they will be held only for the duration of the war, recruiting figures continue to show a steady decline.

Figures made public today for April 21 and 22 show 1,943 men accepted for the service, while a few days ago more than 2,000 men a day were being enrolled.

Illinois retained her lead among the states in the number of men furnished for the service, having provided 150 for the two periods, as against 147 recruited in Michigan; 133 in New York, 128 in Pennsylvania and 106 in Indiana. Illinois has furnished a total of 2,577 men since April 1, the nearest contender for high place being Pennsylvania with 2,382.

## VOTING STRENGTH OF WOMEN 8,557,308

NEW YORK, April 23.—With Nebraska added to the suffrage column, it was announced here tonight by the Leslie Woman Suffrage commission that total voting strength of women in the United States now is 8,557,308.

"Of the forty one legislatures that have convened, or are scheduled to convene in 1917," a statement said, "thirteen have already taken favorable action; seven have passed presidential suffrage, five have passed municipal suffrage measures and six have passed constitutional amendment measures."

## RELEASES THREE PLAYERS.

Denver, Colo. April 23.—Hughie Jones, owner of the Denver Baseball club of the Western League tonight announced the unconditional release of "Bob" Irion, pitcher; Kirby Sechrist, infielder and Ernest Pike, catcher. Irion has played in the Western League for some time. The others were recruits.

## BRITISH CAPTURE GERMAN POSITIONS

### Begin Period of Intensive Fighting from Lens to Havrincourt Wood

### TAKE 1,200 PRISONERS

English Materially Advance Toward Douai On Both Sides of Scarpe River

### FRENCH ADVANCE LINE

Again the British have begun a period of intensive fighting from the region of Lens southward to the Havrincourt wood and according to London have been successful at various points in capturing important German positions. In addition more than 1,200 Germans were made prisoner in the first day's fighting.

Advance at Several Points.  
Both north and south of the Scarpe river the British have materially advanced at several points toward Douai. North of the river the village of Gavrelle and positions two and a half miles long east of the village of Monchy-Le-Preux were captured, while south of the stream they took the line of the Germans on a wide front south and east of Monchy-Le-Preux and captured the villages of Gavrelle and Guemappes.

Further to the south entire village of Tresselt and the greater part of the Havrincourt wood now is in the hands of General Haig's forces.

On the northern end of the battle line additional progress has been made southwest of Lens, seemingly placing the important town in great jeopardy. The last Berlin official communication dealing with the fighting of Monday, the new British offensive on the Arras front broke down with heavy casualties. Berlin admits the penetration of German trenches northwest of Lens, but says the British later were expelled in a counter-attack.

## FRENCH ADVANCE LINE

Northeast of Soissons, between the Aisne and the Chemin-des-Dames, the French have further advanced their line, but elsewhere on the French front artillery duels have predominated. Sunday night the Germans tried, but without success to penetrate French positions, notably east of Craonne and in the Vosges Mountains.

A return of good weather to the Western front has brought about numerous air battles. A British airship is believed to have been destroyed over the Straits of Dover by a hostile airplane with the loss of its entire crew. Sunday French airmen shot down six enemy airplanes. A similar number fell prey to British aviators, while fifteen others were driven down out of control.

An aircraft guns disposed of another German airplane and seven kite balloons.

Berlin reports that German airmen forced down eleven entente machines and destroyed four captive balloons.

## British Lose Seven Airplanes

The British war office admits that seven British airplanes failed to return.

Heavy artillery duels are taking place in the region of Lake Doiran and in the Cerat river bend sector of the Macedonian front.

The Germans evidently are preparing for the drive on Petrograd that has been expected in the Russian capital. War ships conveying transports are reported unofficially to have left Liban on the Baltic Sea for an unknown destination and meanwhile the Germans have renewed their activity on the northern part of the Russian front in the AA river region.

The British troops now are fighting against the Turks six miles from Samarra, on the right bank of the Tigris river in Mesopotamia having previously forced the Ottomans to evacuate Iztahat. There has been a renewal of activity on the part of the Kurds against the Russians in Persia.

## CHASE AMERICAN STEAMER

New York, April 23.—An American steamer was chased five miles by a German sea raider off the coast of Brazil on April 12, according to the captain of the vessel arriving here today.

## WEATHER INDICATIONS AND TEMPERATURES

Illinois.—Partly cloudy in south, probably showers with slowly rising temperature in north portion Tuesday. Wednesday showers; cooler in south and warmer in extreme north-east portion.

### Temperatures

The current, maximum and minimum temperatures as recorded on Monday were:			
Boston	58	72	52
Buffalo	46	50	34
New York	64	72	56
New Orleans	76	82	64

## ILLUMINATED FLAGS

In Bloomington it has been announced that the board of supervisors will place an illuminated flag on the top of the pole on the court house dome. Either an electric flag will be constructed or lights will be placed on the pole so that the flag can be seen at night. This plan may not be strictly in accord with "the rules" which require that a flag should not be left out after night-fall, but is patriotic nevertheless, and presents an example which should be helpful to other counties.

The idea is worth the consideration of the Morgan county board.

## FOOD FACTS FROM ABROAD

The Berlin government continually sends abroad statements that food conditions are not acute in Germany and that with proper economy the people can get along nicely until another crop is harvested. But here is a notice, according to a despatch from Amsterdam, which is constantly appearing in the German newspapers and in public places. You can judge for yourself what is the real situation: "Citizens, your duty is not to talk of food conditions. Every word thereon helps the enemy and endangers the fatherland."

## THE COLONEL AND HIS RADIATOR

One of the best cartoons of the day presenting argument in favor of the country's acceptance of Colonel Roosevelt's volunteer army plan appears in the Chicago Post. An immense auto truck driven by Uncle Sam and called "Compulsory Military Service" is occupying all of the roadway and in the rear appears Colonel Roosevelt driving a racing car and this legend tells his story: "Certainly the water will boil in my radiator if that truck doesn't move to one side and let me pass."

It seems that the colonel's plans for the volunteer army for French soil is not of mushroom growth and that there are 23,000 men pledged for army service. The names of men who would serve as officers have been published and include such well known Illinoisans as Senator J. Hamilton Lewis and Lieut. Gov. John G. Ozgesby. With men of this class ready and willing to serve as the officers of an army division to be sent to the front, it is very certain that more men will be willing to go than the immediate need requires.

## A CIVILIAN FOR NEWS CENSOR

The man chosen to serve the government as press censor during the war may or may not be especially fitted for the work, but Secretaries Baker and Daniels are certainly right in insisting that a civilian instead of a military man be appointed to this important post. A civilian with some knowledge of what constitutes news and a good supply of common sense can handle this situation in a way which will not injure the government and which will be satisfactory to the newspapers in their desire to know what is really happening. The newspaper workers are just as much interested as other citizens in the desire that no news shall be published which will in any way embarrass the government in military or naval affairs. A military man as censor would not have the newspapers' point of view nearly to the extent of a civilian with some newspaper experience.

## DEEDS VS. WORDS

As a recruiting officer said the other day in Chicago, "One enlistment is better than all the flag waving in the city. What we want is men and not talk. A fog horn makes more noise than a submarine but it is not as effective." The recruiting figures from all parts of the country are not of a volume to cause a great deal of gratification or enthusiasm. There have been plenty of mass meetings and flag waving is being done with a vengeance, but we will have to acknowledge that recruiting is a little slow. So the suggestion is well worth while that May 1 should be set aside as a special recruiting day for a definite effort in getting young men of army age to enlist. May 1 is the anniversary of Admiral Dewey's victory in the Spanish-American war and there could be no more fitting method of celebrating for that important event than the securing of a large number of needed recruits.

## AS GERMANY SEES OUR SYSTEM

One of the best arguments for universal military service has been furnished by a German newspaper which in a recent editorial, perhaps without intention, points to the weakness of the volunteer system. This paper, Die Post, from Berlin, said: "If German-Americans, in case of an attack by Germany on America, offer to defend their new homeland we can understand and approve, but we can never understand if they lend themselves to fight Germany outside their country."

"As long as universal military service is not established in America by law no German can be forced to take up arms against the old fatherland."

that President Wilson, commander in chief of the army of the U. S., is now not only advocating such service but is doing all in his power to have a law requiring it passed by congress. President Wilson reluctantly came to the point where he decided that universal military training is necessary. For months and months he opposed the plan and was firmly convinced that the volunteer system was the better and that a large day was not needed. Conditions have forced the president to change his point of view and citizens who believed as he did in the past should now change their point of view also.

## APPRECIATIVE AND SMILING

While farmers feel deeply the need of additional labor on the farms and are constantly having more difficulty in securing workers, they cannot but be amused at some of the plans proposed for their assistance and to increase the food supply. In some cities committees have adopted "Spend your vacation on a farm" as the slogan, the plan being to have business men agree to go to farms for their vacations instead of traveling to summer resorts or taking automobile journeys. Some of these committees are declaring that the city men should shape their vacation plans so that they can be on the farms at harvest time.

Now the average man from city store or office, unused to manual labor, especially in the sunshine, would last about 15 minutes in a harvest field. Nobody knows this better than the farmer who is appreciating the interest manifested by his city friends but is receiving assurance of their harvest time assistance with a secret smile.

## THERE IS A REASON.

The schools of Jacksonville have now been under the general law one year. The time of the President and three members of the Board has expired. The President and two members retiring have been re-elected. It is quite clear that the third member would have been re-elected had she been willing to serve again. All this with the common consent of the whole people. What is the reason of this peculiar state of affairs? We hear it said over and over again that no city official can succeed himself. That he is dead after a single term. Apparently this is true.

Ten representative citizens of Jacksonville run our schools at a total salary of \$500. In round numbers they spend \$75,000 of the people's money. It costs little more than this to run the city of Jacksonville a year. Now I am not going to analyze the situation and point out the differences between the two. That I leave to the reader to do to his own satisfaction. I am satisfied however that any five citizens who would run this city with the same honesty, ability and economy as the school board would be likewise re-elected. "There is a reason."

## Waking Up

I see my neighbors buying flags, and waving them on every hand; they stand around and make their brags about Columbia, happy land. "We don't want war," I hear them say, "we do not just for wound and scar, but if a foe should come our way, there is no sacrifice we'll bar. Breathes there a man with soul so dead he would not for his country scrap? If such there be, we'll punch his head, and from his system knock the sap." Bill Kicksaw, sprung a musty gag, the other day, stary flag, which makes all other flags look pale. At other times his idle speech would not have stirred us up to ire; but now we rose with wrathful screech, and mauled him like a house afire. "We've all grown soft in times of peace, the worth while things we have disdain'd; we've lolled and basked and put on grease, and cash is all for which we've striven. So, when our country strikes a snag, it's good to see, through the town, our neighbors bless the dear old flag, and mob the man who'd pull it down. The nation is not gone to seed; still throbs the soul of Bunker Hill, to battle, at the country's need—it always has, it always will."

## STRIKE AFFECTED HAMBURG

Copenhagen, April 23.—Via London.—An American who has just arrived here from Hamburg says that Hamburg last week was affected by the same strike movement as Berlin. A big demonstration led to a lavish promise by the authorities and even to the suspension of the card system for the day, during which it was possible to buy bread and so far as available, potatoes. Now it is almost impossible, according to this American, to obtain these necessities even on cards.

Galesburg, Ill., April 23.—Leland Tarpley of Murphysboro, Tenn., and George Staat, a Warren county farmer, were killed today as a result of an explosion in a gas tank which they were repairing. A spark from hammer blow is believed to have caused the explosion. Tarpley is survived by a widow and two children.

CREATOR'S LOVE WAS  
EVANGELIST'S THEME

Interest is maintained in Special Services at Brooklyn Church

At the Brooklyn revival Monday night Evangelist Towle's text was "Our God's Great Love," taken from Eph. 11-4. The church auditorium was again filled and the special services are of increasing interest. Sunday large audiences were present both morning and evening. "The Rebuilding of the Church" and "The Prince Who Would Not Merchandise His Manhood" were the sermon themes. At the evening service Mr. Herndon, superintendent of the Krumler M. E. Sunday school in Springfield, was among those present.

Rev. Mr. Towle said last night: "The hope of man is the love of God. Man's enduring hope rests not so much on God's power and wisdom as on the fact that God is love. God's sympathy with the sinful human race is love's miracle. Salvation rests on the power and capacity of divine love. Love somehow opens doors nothing else can, and turns one loose in a field of struggle and aspiration of the one loved. Love cannot escape tender hearted participation. It bridges chasms, over which no other wings will carry. Such flight neither frightens nor tires love's spirit. God is sure to win because he loves. The world will see it some day and be lifted to love's method and way."

The theme tonight will be: "How shall we escape if we neglect so great salvation?"

MABEL LORTON MAKES  
GOOD SCHOOL RECORD

To Mabel Lorene Lorton of the Murrayville neighborhood belongs the unusual record of having attended school 449 days in three years of seven months terms. The little girl, who was eight years old Dec. 18, 1916, became a pupil at Brush college school north of Murrayville, September 8, 1914. She is the daughter of Mr. and Mrs. C. O. Lorton living on the T. E. Rea farm north of Murrayville. For two terms this little student was under the direction of Miss Mae Cooper and the past term her teacher has been Miss Virginia I. Entriaken. The child is unusually proficient and has just finished the fourth grade work. She excels especially in arithmetic and her teacher has found her several times working out problems further advanced than her lessons. The only hours she has missed from school since she began were one day when she went home at recess because of some slight injury. An honor diploma has been given to this little pupil by Supt. H. H. Vasconcellos and from the record made she richly deserves it.

BRITISH AIRSHIP  
BELIEVED LOST

LONDON, April 23.—A British airship on patrol duty is believed to have been lost with all its crew. An official statement says:

"One of his majesty's airships left on patrol from an east coast air station Saturday morning and has not returned. Reports received state that an airship was seen to descend in flames in the Straits of Dover about noon the same day. An airplane or seaplane was seen in the vicinity shortly before the occurrence and it is believed that the missing airship has been destroyed by enemy attack."

WET AND DRY BILLS  
TO REACH A VOTE

SPRINGFIELD, April 23.—The Bruce anti-whisky bill proposing that only liquor containing less than ten percent of alcohol may be sold in Illinois and all other wet and dry measures in the house are to reach a vote this week, according to plans outlined tonight by Chairman Thos. Curran of the liberal committee.

Any wet measures passed by the house are expected to meet defeat in the senate. The house, several weeks ago killed all dry bills before it at that time, including the state-wide prohibition referendum.

Both houses held brief sessions this afternoon. Two sessions daily will be held in the house after tomorrow to dispose of the hundreds of bills still pending.

ASKS INSPECTION OF  
FOOD WAREHOUSE

SPRINGFIELD, Ill., April 23.—In a letter to state Fire Marshal Walter H. Bennett today, Governor Lowden asks an immediate inspection of all elevators, mills, warehouses and other buildings where food is stored "with the idea of removing as quickly and effectively as possible all approximate occasion of fire."

The governor requests the fire marshal to call a meeting of all deputy fire marshals in Chicago for the planning of a campaign against rubbish around food depositories and against fire hazards which threaten the food resources of the state.

"It is my idea that a campaign of protection in this respect can best be effected thru the hearty and patriotic co-operation of the owners and proprietors of these mills, elevators and warehouses with the department, and I hope that the co-operation may be brought about," the governor's letter said.

## FARM NOTES

## Feeding Many Hogs

J. J. Hull residing southeast of Franklin has a thousand hogs not quite ready yet for the market. He has a lot of 75 and 80 cent corn, that is, corn that cost him that much, and he has finally decided to feed the porkers a few weeks yet thinking the present market will justify the use of corn that way. He sold four hundred a few weeks ago getting top price at that time.

## Is Planting Corn.

M. S. Zachary, who keeps his farm work pushed along, had men at work yesterday planting corn. Mr. Zachary has for some years past specialized with Yellow Dent corn and has established an extensive trade for seed. He selects his seed corn before the corn is gathered and then stores it on specially constructed wire frames in the great barn on his farm just west of Jacksonville.

## LEATHER MARKET CLOSE.

## OFFICIALS HONOR BRITISH MISSION

(Continued from Page 1).

street mansion occupied by Mr. Balfour's immediate party.

The British cabinet officer began the day with a trip to the state department. Ambassador Spring-Rice and Hugh S. Gibson, the latter assigned as Mr. Balfour's aide, accompanied him to the door of Secretary Lansing's office. When the visitor came out later with Mr. Lansing for his trip to the white house, he was applauded by a large gathering of state department employees.

### Talk For Nearly an Hour

Mr. Balfour was ushered into the white house by Secretary Lansing in the presence of the military and naval aides for what was expected to be but a few minutes conversation. The statesman withdrew into the blue room, however, and was engaged for over three quarters of an hour.

A large crowd surrounded the white house lawns to wait for the visitor. In the meantime a wild west show passed with a huge calypso playing "God Save the King" and "The Marseillaise." As Mr. Balfour came out of the gates a great cheer broke out and he bowed appreciatively.

A quick trip by automobile took him to the capital, where another enthusiastic group greeted him on his way to Vice-President Marshall's office. There he spent about ten minutes. After luncheon at the French embassy Mr. Balfour returned again to headquarters where he met former Secretary Bryan who came to pay a courtesy because of their former acquaintance in England. After that Mr. Balfour went for a long walk as he did yesterday in Rock Creek park.

### Dinner Very Simple

The white house dinner was a very simple affair and there were no toasts nor speeches. It was served in the state dining room. The only table decorations were spring flowers and there was no music. The only women present were Mrs. Wilson and Miss Helen Woodrow Bones, the president's cousin. After dinner members of the British mission who had not been present arrived for an informal reception and for more than an hour the American and British officials remained talking and smoking.

Mr. Balfour was placed at the table between Mrs. Wilson and Secretary Daniels and the president had at either hand Sir Cecil Spring-Rice, the British ambassador and Lord Cunliffe.

## CONGRESS TAKES UP FOOD PROBLEM

(Continued from Page 1.)

Executive. Perhaps in certain extreme emergencies there should be the power to fix minimum prices. There might be causes of speculation that could be controlled that way. I suggest that you confer the power on the council of national defense to act as the direction of the president in fixing maximum and minimum prices."

The secretary said he had no accurate estimate of the grain going into alcohol, except that its value last year was \$45,000,000.

## THROW ADDITIONAL LIGHT ON STRIKE

Berlin Vorwaerts States Big Munitions Factories at Spandau are Again Working in Full Force.

Copenhagen, April 23.—via London.—Additional light is gradually being thrown upon the extent of the recent strike in Berlin by items appearing in the Berlin newspapers. The Vorwaerts, which previously denied explicitly with other Berlin newspapers that the big munitions center of Spandau, near Berlin, was affected by the strike, printed the following in Monday's edition:

"The lathe operators at Spandau, who are on strike, have decided to return to work. The big munition factories at Spandau are again working in full force. Martial strikes at German weapon and munitions factory and Ludwig Loes (an important establishment not previously mentioned) are ended. The Borsig plant is again in full operation, substitutes having been found for the woman operatives not reporting."

Thus the strikes at Spandau, notwithstanding the denial of their existence, lasted for a full week.

The Leipzig newspapers also are more communicative. They say the strike of the metal workers, that is workers in munitions factories, has ended. The employers conceded in response to economic demands a reduction in the weekly hours from 56 and 60 hours to 52 hours and from five to seven per cent in wages. The newspapers added that a deputation has presented political demands to the chancellor.

### MARCH MEETING.

The March meeting was convened on the 14th inst. at 1:30 p. m. The year 1867 is a memorable one in Medicine and Surgery on account of the introduction of Antiseptic Surgery by Joseph Lister of Leeds, England. The first half of the century had been spent in preparation. The development of the high power microscope had enabled Pasteur to put the proof of the miasmatic cause of disease on many other phenomena on a second basis of proof on which Lister could safely base the new and radical measures which he introduced in 1867. Lemaire had previously pointed out the antiseptic qualities of Carbolic acid and following Pasteur's discovery of Anaerobic bacteria much bacteriological advancement had been made by numerous observers. The earlier publication of Virchow's "Cellular Pathology" and of Darwin's "Origin of Species"

had already given many new directions to medical and scientific thought which in 1867 were beginning to assume definite practical form. While these advances may have had little or nothing to do with this day's program the new and better things in science and medicine were beginning to take hold of men's minds and were preparing the way to replace some of the mysticism and empiricism which has so long held back the profession. Under reports of cases Dr. J. P. Johnston of Lynnville related "A remarkable case of Cerebro-Spinal Meningitis" with "cure" of the patient which elicited considerable discussion.

He was followed by Dr. Wm. S. Edgar who read some "Notes on the classification and treatment of cutaneous diseases." Dr. Edgar said these notes were only preliminary to a full and complete paper on the subject which he expected to present at the next meeting.

### POSTPONE DECISION IN SPRINGFIELD CASE

SPRINGFIELD, Ill., April 23.—"Wet" and "dry" forces went "to bat" today in the county court to see whether Springfield becomes anti-saloon territory after May 2 or whether the local option election was illegal.

Attorney Robert Patton, leading counsel for the "drys" fired the opening gun when he made a motion that the amendment to the contesting petition be stricken. Attorney Arthur M. Fitzgerald made reply for the "wets" by reading a number of citations to show that signatures to the amendment of the petition are not required. Judge Weaver postponed decision on the motion until tomorrow.

W. W. Welsh Expired Very Suddenly Sunday Night—Served Travelers Organization for Twenty Five Years.

Charles F. Ehrie has received word of the sudden death of William W. Welsh, state secretary of the T. P. A., which occurred at Canton at 8:10 o'clock Sunday evening.

Mr. Welsh has made his home in Peoria for many years but formerly resided in Canton. He went to that city Saturday evening to attend a meeting of Canton Post of the T. P. A. that evening. Just as the session began he was taken suddenly ill. He soon lapsed into a state of coma which finally resulted in death.

Deceased was one of the early members of the Peoria Post and was soon elected its secretary, a position which he held at the time of his death. He was elected state secretary about 25 years ago and also held that office. At the time of his death he was busy with arrangements for the state meeting which will be held in Quincy in May.

For many years Mr. Welsh followed newspaper work being connected with the Peoria Transcript. He left that work and was appointed as manager at one of the Peoria warehouses.

Mr. Welsh was a member of Peoria Commandery No. 3, Knights Templar and of Mohammed Temple of the Mystic Shrine. He was well known in Jacksonville having been one of the state officers who assisted in the organization of Post O of this city.

The funeral will be held from the Shrine Temple in Peoria Wednesday afternoon at 2 o'clock. It is presumable that a number from here will tend.

## RECEIVES COMMISSION WITH ARMY ENGINEERS

E. W. Grimmer of this city has received word from the war department that he has passed an examination entitling him to a second lieutenant's commission with the U. S. Army Engineering Corps. Mr. Grimmer, who for several weeks has been in the employ of the Caldwell Engineering Co., came to this city from St. Louis. It was while at work for an engineering firm in Alabama last February that Mr. Grimmer took the examination. Mr. Grimmer's term of service will begin May 1, at which time he will go to Ft. Leavenworth, Kan., to enter a training school for officers.

Mr. Grimmer is a graduate of the engineering school of the University of Wisconsin, at Madison. He has seen service with the National Guard of Michigan but did not go to the border because the regiment to which he belonged did not qualify.

## PARENT-TEACHER ASSOCIATION WILL MEET

A meeting of the Second Ward Parent-Teacher association will be held this afternoon at Lafayette school. The address will be by Supt. H. A. Perrin. The musical program will include a piano solo by Mrs. Edgar Martin and a group of songs by the fifth grade pupils. Following the business session there will be a social hour and refreshments will be served.

## POST OFFICE CLERKS ELECT OFFICERS

At a regular meeting of Jacksonville branch No. 854 of the National Association of Postoffice Clerks Sunday afternoon officers for the year were chosen. They are:

President—J. H. Brown.

Vice president—T. B. Reeve.

Secretary—A. A. Jacobs.

The meeting was held at the Chamber of Commerce rooms and was one of the usual monthly sessions. The postoffice clerks are organized all over the country for the purpose of promoting fraternal feeling among them and with a view to securing legislation for the common good. Not long since by action of the associations throughout the country a sick benefit fund was established and the work of the organization is constantly growing in importance.

## REMODELING STORE FRONTS

R. T. Cassell is having some extensive work done to the fronts of the two buildings he owns on the west side of the square, one occupied by himself with his clear business and one occupied by the Atlantic cafe. He means to have the fronts remodeled so as to be alike and make other improvements and adornments which will add materially to the appearance of the property.

### CHILD'S WELFARE WEEK IN NEAR FUTURE

Days From April 30 to May 6 Will Be Devoted to Children

The Child's Welfare week will be held with headquarters at the Council Chamber, City Hall, the week of April 30th to May 6th inclusive under the auspices and patronage of the Child's Welfare association of which Mr. J. E. Martin is president. The membership includes all the physicians and nurses in the city as well as a number of prominent women and men who are interested and engaged in work for the benefit of the civic life, but especially in this vital question the health and physical welfare of our babies. Our physicians, as usual, are giving freely of their time and skill without compensation other than their desire to guard the health and help our little ones. We cannot over-estimate the importance of this work. Many of our people require to be taught the need and value of it. They should, rich and poor alike, co-operate because of its educational advantages in learning advanced methods in care of babies, not only in curing the sick but in preventing diseases.

The following attractive program has been arranged for the week. All are invited. Show your interest and co-operation by attending the meetings.

Daily clinic, for sick babies only, ages 1 to 5, alternating at Passavant and Our Savior's hospitals, from 1 to 4.

Monday, at 4 p. m., Jefferson school, instructive talks to mothers, after which a play will be given by the pupils of the school under the direction of Miss Cobb. Refreshments will be served. Everyone invited.

Tuesday, 8 p. m., at Salvation Army barracks, talk by Miss Coale on "Baby Welfare."

Wednesday—Colored people's day at Mount Emory Baptist church. Play by colored children at 8 p. m., talk by Miss Coale.

Thursday at 2:30 in the Christian church the program will be in charge of the county federation of women's clubs. Dr. Josephine Milligan will speak. At 8 p. m., the union parent-teacher association will meet at David Prince building. The Jefferson school play will be repeated, and Rev. Mr. Towle will speak.

All mothers are requested to be present and bring their babies. Remember next week is baby week.

Publicity Committee.

### MARVIN THOMPSON BUYS OVERLAND TOURING CAR

Marvin Thompson, well known Morgan county resident, living east of the city, yesterday purchased a handsome five passenger Overland touring car from the J. F. Claus Overland Co.

### NEW TRAIL AT VALLEY CITY

A new trail has been made for the benefit of autoists at Valley City. Formerly the trail crossed the Wabash railroad near that place over a high embankment, making it a dangerous crossing. Now the road has been changed so that the crossing of the track is not necessary. The change should tend to make the Valley City road more popular with travelers.

### RICHARD WASHINGTON FINED

Richard Washington was arrested by Officer Vieira Sunday for refusing to assist an officer. He was fined \$25 and costs on the charge by Justice Dyer Monday.

### COUNCIL CO-OPERATES FOR GENERAL CLEANUP

Commissioner Martin Will Put Extra Teams at Work this Week—Getting Anxious for Water Survey Report.

Requests have been so numerous from residents for assistance in cleaning up the rubbish accumulated during the past months that the city council decided yesterday to aid in this work. It has been the opinion of Commissioner Martin and other members of the council that residents themselves should do away with all ashes and tin-cans before the garbage disposal system begins. But by agreement yesterday it was determined to put a number of teams at work at once and all residents who wish to have rubbish hauled away by the city can do so this week. It is the expectation that a 13 near the brook will be used for dumping as the owner there is anxious to have it filled up. By using such a lot instead of having to haul to the city dumping ground the work can be done at much less expense.

After the minutes had been read at the council session Monday morning a resolution was adopted for the burning of the ballots of the election of 1916 in accordance with law. Mayor Rodgers appointed Commissioners Widmayer and Vasconcellos to attend to this necessary work. There was some discussion of the laying of gas mains on streets to be paved and mention was made that the gas company now has a force of men at work putting in a large main extending from the plant on South Main street to East College avenue. It will then be extended east on College avenue a distance of several blocks.

### General Cleanup Order.

Referring to the question of moving cinders cans and other rubbish, Commissioner Cox said he had received numerous requests to have this work done but had in each case told people that the new garbage disposal plan did not contemplate taking care of the accumulation of the past winter. This was the view held by all council members but after some discussion it was decided it would be beneficial to the whole city to use a number of extra teams this week in a general cleanup. Therefore Commissioner Martin was authorized to have this work done. The cleanup work will be in accordance with a proclamation by Governor Lowden designating this as cleanup week all thru the state. The governor's proclamation called for the cleanup work as a good health measure.

### My Object to Block Paving.

City Attorney Reeve reported that the county court at the session Monday morning had approved the assessment roll for the mound avenue pavement and that judgment had been entered against the property. It will be possible now to proceed further with the improvement plans for this street and the advertisement for bids can be asked for at no distant date. Commissioner Cox said that he understood from John Vasconcellos, manager of the Cherry barn, that a number of property owners could make objections in court to the proposed plan for the business district. No matter what objections are received from property owners now it will not be possible to change the material. If any action unfavorable to the ordinance is taken in court it must be on technical grounds.

### Water Report Delayed.

Mr. Vasconcellos said he had written once or twice to the Illinois water survey urging that report on the local situation be made as soon as possible since development plans here are dependent upon the report. He said that several weeks since he had been informed by Engineer Havemeyer that the report had been prepared and was in the hands of a stenographer. Recently Mr. Vasconcellos had sent two additional samples of water to Urbana for testing purposes. The report is not being held up to await the finding from these tests but the samples were asked for simply to give the survey official an idea as to whether the quality of the water changes from time to time.

In discussing other subjects Mayor Rodgers mentioned that he had asked the Jacksonville Railway & Light Co., to make some changes in the trackage about the square and it is understood that an engineer for the company will be here at an early date to discuss the matter.

### WELL KNOWN FRANKLIN WOMAN SUMMONED

Mrs. Lewis Roberts Died Sunday After Long Illness—Other Deaths Recorded

Mrs. Lewis Roberts passed away Sunday evening at 5:45 o'clock at her home in Franklin. Mrs. Roberts for several months had been in failing health and a number of days ago her condition became such that all hope of recovery was abandoned by relatives and friends.

Jessie Eleanor Bateman was born Jan. 21, 1877, the daughter of Thomas and Sarah Bateman. The family home was at first near Lynneville, but since early girlhood the deceased had made her home in the Franklin community. Her marriage to Mr. Roberts took place Feb. 24, 1907, and ever has she been a true and devoted helpmeet. Of quiet manner and unassuming ways, Mrs. Roberts was a woman whose character of strength and sweetness won true friends on every hand. Mrs. Roberts was an active member of the Franklin Homemakers' circle and was a valued worker in the woman's Bible class of Franklin M. E. church. She was always ready to extend sympathy and aid to the humble and many times did she prove a friend in need.

Mrs. Roberts is survived by her mother, who for several years has made her home with her; her husband, Lewis Roberts, a brother, Charles Bateman south of Franklin, and two sisters, Mrs. Alice Mansfield of Franklin and Mrs. John Roberts of Colorado Springs, Colo. Mr. and Mrs. John Roberts arrived in Franklin Saturday evening, called by the serious illness of the deceased.

Funeral services will be held this afternoon at 2 o'clock at Franklin Methodist church, in charge of the pastor, the Rev. J. N. Jerman, assisted by the Rev. W. E. Keenan. Burial will be made in Franklin cemetery.

### English

Mrs. J. W. Arnold of Arnold Station, left Monday afternoon for Naugatuck, Conn., called by the death of her sister, Mrs. Frances English. The death of Mrs. English took place Monday morning at the Hahnemann hospital in Philadelphia, Pa., and the body was sent to Naugatuck for burial.

### Hegarty

Miss Mary Hegarty died Monday morning at 8:39 o'clock at the home of her sister, Mrs. Terrence Sloan, 999 East Lafayette avenue. Miss Hegarty was born in County Donegal, Ireland, coming to this country thirty two years ago. Surviving Miss Hegarty are two brothers, Thomas Hegarty of Springfield, and James Hegarty of Granite City, as well as three sisters, Mrs. P. Timoney of Brooklyn, N. Y., Mrs. Timothy Keating and Mrs. Sloan, this city. The parents, two brothers and a sister have passed away. Miss Hegarty was a devoted member of the Church of Our Savior and news of her death will be received with sadness by many friends.

Funeral services will be held at the Church of Our Savior Wednesday morning at 8:30 o'clock. Burial will be made in Calvary cemetery.

### Jones

Mrs. Katie Jones died at her home, 228 Reid street Sunday afternoon at 1 o'clock. She had been ill since Christmas but had only been confined to her bed for the past two weeks. She was the daughter of Thomas and Stacy Doyle Fanning and was born in this city February 19, 1876. She is survived by her husband and father. Mrs. Jones was a regular attendant at Central Christian church. Funeral services will be held this afternoon at 3 o'clock from the residence in charge of the Rev. Myron L. Pontinus with burial in Jacksonville cemetery.

### MORGAN COUNTY ROAD WORK.

The work of applying the oil to the Chapin road west of this city will be begun this week if the weather continues favorable. It was announced Monday by W. H. Cockling, who has the contract for the state aid road work in this county. For a number of days past workmen have been busy putting the road in condition for the oiling and the oil is now on hand for use on the road from the city limits on the west to the distillery.

Another stretch of state aid road work, that running from the city south to Woodson, will be commenced in the near future according to the statement of F. J. Blackman. The work of grading will start at Sandy creek and run north to this city, and then start at the same locality and proceed south to Woodson. The plan also provides for the improvement of the road running south from Woodson to Henry's Crossing.

### WILL MAKE CANVASS.

The financial team of McCabe M. E. church will make an every member canvass. The team is composed of A. Black, Wesley Davis and Harvey Brinkman. The church is in excellent condition and is doing good work.

### THE BIRTH RECORD

Word has been received by Mrs. Katherine Osterholdt of this city of the arrival of a little son, to Mr. and Mrs. Frederick J. Osterholdt of Fort Madison, Iowa.

Mr. Osterholdt is a former resident of this city, but for the past several years has resided at Fort Madison, Iowa, being the manager of the Woolworth store there.

### ATTENDED FUNERAL OF RELATIVE

J. L. Adams of South Main street has returned from Quincy where he went to attend the funeral of his niece, Mrs. Annie Willis. The deceased was known to a number of Jacksonville people who will regret to hear of her death.

**Government Will Need Big Supply For Army Foods—Grocery Firm Gives Warning.**

A well known wholesale grocery firm of the state has sent out to salesmen a trade letter calling attention to the fact that in all probability the government will very soon make an order limiting the use of cans for food products. It is possible to properly preserve many foods now put up in cans in some other way and with the end in view of saving the cans for those products which cannot otherwise be preserved the government order will be made. It is because of the prospect of needing to store army supplies in great quantities that the can shortage will exist. Some merchants who have made a study of the subject have for a long time been insisting that consumers would save money if they would not insist on buying so many food products in packages and cans. Usually these products are much more attractive in appearance when in the special packages but they are no more nourishing than if sold in bulk. Package and canned goods cost more than the same goods sold in bulk. The purpose of the trade letter mentioned was to emphasize to consumers of the company the need of early purchases if they expected to get certain lines of products in cans.

Rev. G. E. Scrimger is making a brief business visit in Jacksonville. This year Rev. Mr. Scrimger is pastor of the Methodist church at Hillsboro and he and his family are very pleasantly located there.

### NOTICE

As we are preparing the Chapin State Aid road for oil and will be oiling now as soon as possible, and our contract with the State Highway Department states that we shall keep the traffic off the road while oiling and for three days afterwards. Therefore we wish to ask the co-operation of all auto drivers, in that they use some other road while this oil is being applied. If you will kindly give us this assistance it will aid us in making this road a success, but if not we will be compelled to blockade the road and place watchmen on it, because our contract is very strict in this matter, and the traffic must stay off.

## SMALL POX PATIENT SHOT SELF WITH PISTOL

James Lowe Committed Suicide Day  
After He Was Placed under Quar-  
antine—Declared He Could not  
Stay Alone—Wife atent at Local  
Hospital.

Because he could not bear to live  
alone James Lowe committed suicide  
by shooting himself with a pistol  
Monday morning about 7:30 o'clock.

Lowe was found to be suffering  
from smallpox Sunday morning and  
was immediately placed in quaran-  
tine. As he was not seriously ill no  
attendant was placed with him Sun-  
day, it being expected to secure  
some one Monday. Lowe remarked  
to the police Sunday that he could  
not bear to stay alone.

### Neighbors Heard Shots.

Monday morning shots were heard  
by the neighbors who notified the  
police. Chief Davis and Officer Bak-  
er went to the house to investigate.  
They found the back door unlocked  
and opening it saw Lowe lying on  
the floor with blood streaming from  
his head and a revolver lying near  
him. The nature of the disease  
the officers did not touch the body  
merely satisfying themselves that he  
was dead.

Coroner Rose was notified and  
empanelled a jury composed of John  
L. Taylor, foreman, James Hall,  
John Lair, Richard Smith, Edward  
Mantz and Harry Hofmann, clerk.  
The jury met at the undertaking  
parlors of W. W. Gillham. The only  
witnesses heard were Chief Davis  
and Officer Baker. After hearing  
their testimony the jury returned a  
verdict that Lowe came to his death  
by shooting with suicidal intent.

**Housed Friend in Disease.**  
Lowe evidently contracted the dis-  
ease from William Whorton who  
was released from quarantine re-  
cently. Whorton had been to Peoria  
and returning, according to his story  
went to Lowe's home and stayed  
all night. Whorton said that he  
slept in the same bed with Lowe.

The next day Whorton was found  
to be suffering from smallpox. When  
he told the officials where he had  
stayed the night before they took  
him to the residence of Lowe and  
placed him in quarantine.

When Lowe learned of this he se-  
cured a lawyer and made some fuss  
over the matter. At the time Lowe  
denied that Whorton had ever stayed  
at his house and the police took  
his word for it. Arrangements were  
made for Lowe to board and room  
with the family of Dempster Angelo  
of West Lafayette avenue, the city  
paying the bills.

Whorton was discharged from  
quarantine about a week ago but  
Lowe did not return to his home,  
altho the house had been thoroly  
fumigated and new furniture placed  
in it. He continued to stay with  
the family of Mr. Angelo.

Sunday Mr. Angelo went to the  
police station and informed the police  
that Lowe was ill and should have  
a doctor. Dr. A. M. King, city  
health physician was notified and  
went to see Lowe. Examination  
showed him to be suffering from  
smallpox. He was immediately taken  
to his own residence where he ended  
his life Monday morning.

**Wife in State Hospital.**  
Lowe's wife was committed to the  
Jacksonville State hospital about  
nine years ago. She is still living  
there reported in a critical condition  
several weeks ago. It is said that  
he also has a sister but nothing has  
been heard from her for some time.  
He was about fifty years of age and  
has recently been in the employ of  
the Burlington railroad as a section  
hand.

It is probable that the men with  
whom he worked have been exposed  
to the disease in addition to the  
family of Mr. Angelo. Steps will be  
taken to prevent a spread of the dis-  
ease.

The body was buried in Jackson-  
ville cemetery Monday afternoon.  
Owing to the nature of the disease  
two citizens were secured who had  
had smallpox. They went to the  
residence and placed the body in a  
casket and conveyed it to the cem-  
etry.

### A NAVAL DISPLAY

Mullenix & Hamilton have in their  
front window a unique and patriotic  
display. There are several pic-  
tures of the Battleship "Connecti-  
cut," some of them containing large  
numbers of the crew and among the  
latter are the familiar faces of Carl  
Alquist in the torpedo department;  
Huston Cowger in the hospital de-  
partment and Roland Stice in the  
gunners' department. The ship is  
shown in various ways, some with  
the men and one without and there  
are several very interesting groups.  
Then there are in the window some  
souvenirs of the war; some bayonets,  
several cartridges, two small shells,  
a number of pictures and other at-  
tractive objects.

### TO ATTEND K. OF P. MEETING

John J. Reeve, grand chancellor  
of the Knights of Pythias, will leave  
tonight for a visit in northern Illi-  
nois. He will attend a district con-  
vention first at Joliet and then go to  
similar gatherings in other cities  
near Chicago.

A. C. Moffet, banker of Waverly,  
was a city caller yesterday.

## SUNDAY SCHOOL WORKERS FAVOR BAN ON LIQUOR

Resolution To This Effect Adopted  
and Forwarded To President—In-  
teresting Address Heard at Pre-  
dict Convention.

Sunday afternoon at State street  
church there was precinct Sunday  
school convention which was full of  
interest to all present. A resolution  
was passed urging President Wilson  
to aid in stopping sale of liquor. Dr.  
Kopperl had charge of the opening  
exercises and after several songs he  
called on County Superintendent W.  
H. Crum for some remarks.

Mr. Crum deplored the lack of gen-  
uine interest in the great work re-  
marking that the church should  
have been filled to its utmost capac-  
ity. He called especial attention to  
the state convention at Kewanee and  
said it would be a time of more than  
ordinary interest and he wished that  
a large delegation might go from  
Jacksonville. "We are all too much  
engrossed in the work of the world  
and not enough interested in the sav-  
ing of souls," he said.

John Hadden, superintendent of  
Ebenezer Sunday school was next  
introduced. He dwelt on the impor-  
tance of interest of all, old and young,  
in the Sunday school and told with  
pride of two members of his school,  
one \$5 and the other \$3, who con-  
tributed to the birthday box. (A  
gentleman present said they were  
Edmund Blackburn and John Erix-  
on.) He was glad indeed to see so  
many and he wanted to see as much  
devotion to the great work of the  
Lord. The golden text of the day's  
lesson was well worth remembering  
always. "She hath done what she  
could."

### The Teachers' Qualifications.

Prof. R. H. Tarter then gave a  
very instructive address on the qual-  
ifications for a successful Sunday  
school teacher, or his equipment. His  
discussion of the theme was quite ex-  
haustive and filled to the brim with  
valuable suggestions. He emphasized  
the mighty importance of the  
work and then proceeded to give it  
an analytical treatment. A conden-  
sation of his condensed address is  
anything but satisfactory. He di-  
vided it into three principal items:  
The equipment of the head; the  
equipment of the heart; the equip-  
ment of the backbone.

The teacher cannot expect to suc-  
ceed unless he is well equipped with  
a general knowledge of the subject.  
The geography of the lesson; the  
history; the doctrines; the duties  
inculcated and all else. The teacher  
must love the work; he must love  
his pupils and have a desire to see  
their souls saved. He must enter the  
work as did the Great Master, "for  
the joy that was set before him." He  
must be firm, insisting on obedience,  
good order in the class and dis-  
cipline blended with kindness and love.  
The address thruout was full of  
good suggestions and guidance for  
the teacher who would be success-  
ful.

Rev. W. E. Spoonts then conduct-  
ed a Bible reading which was inter-  
esting.

Miss Olive Blunt said it would be  
well if all the teachers in the city  
could devote an hour, say at noon  
some day each week to the study of  
the lesson under a competent instruc-  
tor.

S. W. Nichols urged the necessity  
of co-operation on the part of par-  
ents. If the parents do not back up  
the work of the teacher, see that the  
children attend Sunday school regu-  
larly and stay to church the teacher  
will have hard work in getting  
good pupils.

Rev. W. E. Spoonts made an earn-  
est and eloquent plea for temperance.  
est and eloquent plea for temperance.

The chair said Rev. W. F. Crafts  
might be available for a speech in  
Jacksonville and Rev. Messrs. Wil-  
son, Landis and Spoonts were ap-  
pointed a special committee to ar-  
range the matter.

The committee on resolutions re-  
ported as follows:

### Resolution Adopted.

Hon. Woodrow Wilson,  
President of U. S. A.,  
Washington, D. C.

Dear Sir:

The Morgan County Sunday School  
association precinct convention as-  
sembled, desires to express unswerv-  
ing loyalty to the administration,  
the country and the flag.

As a means of successfully prose-  
cuting the war, and as a means of  
conserving the nation's food supply  
and the welfare and morals of her  
citizens, we most earnestly and re-  
spectfully implore you to use all your  
influence to prohibit the manufac-  
ture of any kind of liquor requiring  
the use of grain or material that may  
be used as food.

We deplore any legislation look-  
ing to the receipt or increase of re-  
venue from the manufacture and  
sale of distilled or malt liquors.

Done by order of the association,  
CLARENCE L. DEPEW,  
S. W. NICHOLS,  
ARTHUR SWAIN.

### A GOOD SUNDAY'S WORK.

Rev. C. G. Cantrell has charge of  
the Christian churches at Concord  
and Berea giving them services al-  
ternate Sundays. Last Sunday he  
conducted a mission Sunday school  
at Oak Ridge in the afternoon and  
had in his own class 25 men and  
boys which he considers a pretty  
good showing for a mission school  
in the country. Mrs. Ward is the  
faithful superintendent and good  
work is being done there by her and  
those associated with her.

### CASE DISMISSED

George N. Seymour charged with  
assault with deadly weapon was ar-  
raigned in Justice Dyer's court  
Monday. The complaining witness  
was Frank Tribble. The parties ef-  
fected a compromise and the case  
did not come to trial.

Cincinnati, O., April 23.—Cincinnati won a slugging match from Chicago today 10 to 4 and annexed the second game of the series. Cuto made a home run with two men on base in the sixth inning. Pendergast sustained an injured finger when he attempted to stop Wingo's drive in the fifth and was forced to retire. Toney was hit hard but managed to keep the safeties fairly well scattered. Both Carter and Hendrix were pounded at critical stages.

the spring vacation and the opening  
of the new college term. Already  
1000 cadets have been enrolled as  
candidates for commissions in the  
reserve officers' corps. On May 7 a  
total of 2000 students will abandon  
their books and go in for intensive  
military training to the exclusion of  
all else.

**YANKS FALL ON FOSTER  
IN NINTH AND WIN**

**CULLOP ERRATIC AND POORLY  
SUPPORTED**

Athletics Win From Washington as  
a Result of Errors—Bush Allows  
Only Three Hits and Strikes Out  
Seven Men

Boston, April 23.—New York bats-  
men fell on Foster, Boston's relief  
pitcher in the ninth inning today,  
scoring three runs and winning 9 to  
6. Shore had weakened in the sev-  
enth and eighth inning, after hold-  
ing the visitors to three hits in first  
six sessions. Cullop was erratic and  
was poorly supported.

Philadelphia 4; Washington 3.  
Washington, April 23.—Washing-  
ton was defeated here today by Phil-  
adelphia as a result of errors, by a  
score of 4 to 3.  
Bush allowed only three hits and  
struck out seven men.

Chalmers 7-Passenger Touring Car—Price \$1350 Detroit

**Unequalled Performance**  
By Chalmers 7-Passenger—Sets All Motorists Talking

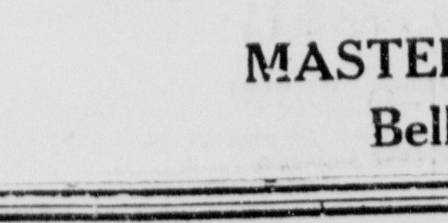

Motorists everywhere are talking of the startling feat performed by a Chalmers 7-passenger touring car in Chicago. Something new has been discovered in motor-car achievements. Something never before attempted, never before done by an automobile. To set a mark of 586.8 miles through Chicago's busy streets was a feat in itself. But to do it all on high gear. To make it a non-stop motor run. To carry four passengers. And to show 14 miles to the gallon of fuel. Adds the cap cheaf of surprise.

When Chalmers started out to attempt the feat they said: "Let us make this complete. Let us omit nothing that can add to the difficulty of performance. Let us leave nothing for the future." The Contest Board of the American Automobile Association certifies that these statements are true.

Come and see the car. Come and learn WHY this unheard of feat was possible. Come and drive the car yourself. Feel the charm of a Chalmers.

Touring Car, 7-passenger	\$1350	Touring Sedan, 7-passenger	\$1850	Limousine, 7-passenger	\$2550
Touring Car, 5-passenger	1250	Roadster, 3-passenger	1250	Town Car, 7-passenger	2550

**DAY ENGLAND'S PATRON SAINT**  
London, April 23.—Today the Un-  
ion Jack may be expected to flutter  
even more proudly on the battle-  
fronts, while Tommy Atkins will in-  
ject additional "pep" into his fierce  
charges against the Teutons—for  
this is St. George's Day, the feast  
day of England's patron saint. Thru-  
out the British dominions and in  
every other nook and corner of the  
world where sons of England have  
found a foothold the day will be en-  
thusiastically observed.

Little is known of the life of St.  
George, except that he was martyred  
in Nicomedia in April, 303. He  
became extremely popular with the  
English crusaders, and was adopted  
as the tutelary saint of England dur-  
ing the reign of Edward III. It is  
interesting to note that St. George  
is also the patron saint of Russia  
and of Portugal, two of England's  
allies in the present war.

## SUSPICIONS HELD CAUSE OF DELAY

Local Woman Declares She  
was Undecided About  
Taking Tanlac

### THOUGHT AID IMPOSSIBLE

Many Medicines Tried Had  
Given No Relief—New Pre-  
paration Effective However

### BANISHED HER TROUBLES

"I hesitated to buy Tanlac because I supposed it would be like all the dozens of medicines I had tried and would give me no relief; but after I read so much in the Jacksonville papers regarding its good work I put aside my suspicions and began using the medicine. It certainly was a lucky day for me when I did so."

Mrs. Laura Gilliland, wife of a foreman for the Chicago, Burlington and Quincy R. R. company, and well known local woman of 736 East North street, made this statement to the Tanlac Man on April 18.

"I began having trouble with my stomach seven or eight years ago," she continued. "I had to be very careful about my eating as meats or any heavy food would cause gas to form in my stomach and make me belch annoyingly. I constantly suffered from a soreness in my stomach. I was so nervous it was impossible for me to sleep at night. Then I'd feel tired and worn out all through the day. Friends told me the trouble was with my teeth but I didn't think so."

"As I said, accounts in the local papers of its good work for others led me to try Tanlac. Before I had finished the first bottle my condition began to improve. I can eat most anything I care for now and the gas formations and belching no longer occur. I sleep soundly at night, also and get up in the mornings feeling fresh and rested. In fact, I feel better every way since using Tanlac."

"One-half bottle of Tanlac has given me more relief than all the other preparations I have ever tried and I'm glad to recommend this new medicine to my friends, for I want others to be benefited as I have."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, nervousness, sleeplessness, loss of appetite and the like and has proven a fine reconstructive tonic for weak, run down men and women. Tanlac is now being introduced in Jacksonville at the Coover-Shreve Drug Co., East Side store, where a special Tanlac representative is explaining the new medicine to the public. Tanlac also may be obtained at the West Side store of the Coover-Shreve Drug company. It is sold in Waverly at the Wyle Drug Co.; in New Berlin at the New Berlin Drug company; in Ashland at H. O. Brownback's; and in Versailles at A. G. Bates' drug store.

### BETTER THAN CALOMEL

Thousands Have Discovered Dr.  
Edwards' Olive Tablets are  
a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.

## WHITE HALL TO HAVE PATRIOTIC DAY

Movement Inaugurated for Demon-  
stration at Early Date—Plan In-  
cludes Parade of Veterans and  
Citizens and Patriotic Songs and  
Addresses—White Hall News  
notes

White Hall, April 21.—A movement has been inaugurated for holding a patriotic demonstration in White Hall at an early date, the exact time being held in abeyance until the nature of the proceedings can be determined, and due notice will be forthcoming from L. B. Ballou, a director of the soldiers' monument association. It is desired to have the G. A. R. Veterans take part in the arrangements, and that there be a grand parade of civilians, veterans, a drum corps and the band, winding up with the main features of song and speech and patriotic fervor at the Princess theatre. The main address will probably be delivered by Rev. E. L. Wendell. Should there be any receipt of money as admission it is the purpose of Mr. Ballou to use it for maintaining the soldiers' monument, he having employed a competent individual to daily raise and lower the huge American flag used at the grounds, and there has been some added expense incurred in contracting for work that has been ordered begun next Monday morning under the direction of Ora Brown. Supervisor J. W. Campbell took a party to the grounds Saturday afternoon to make an inspection, and the order for the work to begin followed. The party comprised G. S. Vosseller, Marcus North and E. B. Peavoe, members of the monument association, and Alderman W. W. Davis, representing the city council. A. M. Novins is raising a fund for erecting a huge flag pole at the corner of Main and Sherman streets, and this movement is to have consideration in connection with the arrangements for a patriotic demonstration.

Miss Natalie Chapman, a teacher in the Chicago public schools, arrived this morning to spend the spring vacation with her mother, Mrs. Emma Chapman.

Dr. L. O. Frech has enlisted as a surgeon in the regular army, and is expected to receive orders at any time. Dr. H. L. Chapman of Jacksonville, son of Dr. W. H. Chapman of this city, has offered his professional services as a dentist.

### White Hall Postal Mail

Postmaster J. E. Watt is continually receiving requests for information regarding the installation of city mail delivery in White Hall, and the only information that he has to impart is that the business of the office has reached a point that justified the free delivery of mail under the regulations of the post office department, and that there seems to be no question that the service will be inaugurated on July 1 next. A post office inspector was in White Hall this week, and posted specifications and notices for proposals for new post office quarters, the lease on the present location in the Grange block expiring August 1. The proposals are also to provide for the complete new equipment, which will relieve the congestion and over demand for boxes that has existed for the past few years.

The local post office is making great strides under Postmaster Wyatt, and under his administration the service is to receive the greatest improvement and enlargement in the history of the town, which gives Mr. Wyatt a high place in popular favor and in attention to opportunities that are before White Hall in postal matters. The clerks in the local office will receive what is termed a Case examination May 1st, which is to qualify them for routing mail matter to all points in Illinois and to distributing centers for other states. This examination will also be held at Carrollton on the same date.

### JAIL WARDENS FACE TRIAL

Birmingham, Ala., April 23.—The cases of A. B. Batson, Lem Javender and W. R. Orr, former jail wardens at the county jail who were indicted following the sensational escape of D. D. Overton and six other prisoners, are docketed for trial this week in the criminal division of the circuit court. They are charged with having voluntarily allowed the prisoners to escape.

### NORTHWESTERN BOWLING

Portland, Ore., April 23.—The annual championship tournament of the Northwestern International Bowling association gets under way here today and will continue thru the week. Individual and team bowlers from Seattle, Spokane, Tacoma, Vancouver, Victoria and several other cities are entered in the tournament.

El Paso, Texas, April 23.—The case of Will Sands, a Texas ranger, under indictment for alleged murder, was called for trial here today. The charge grew out of the killing several months ago of Sergeant Owen Birnie of the Twenty-third United States Infantry.

### THE GREAT DIVIDE

The woman in the prime of life need not dread to meet the loss of her youth when growing elderly. While some charms diminish, others should replace them—charms of experience, cultivation, wisdom. The great physical changes met between the fortieth and fiftieth year are indeed serious, and are not always well borne. In the strain of modern life, few women are in condition to meet these changes without some apprehension of deranged health. But with the excellent help of Lydia E. Pinkham's Vegetable Compound that old, trustworthy woman's medicine, a woman may confidently expect to enter later life as well and robust as ever.—Adv.

## VIRGINIA RESIDENT CALLED BY DEATH

Mrs. Edward McConnell Passes Away  
At Home of Her Mother Sunday  
Afternoon—Other Cass County  
News

Virginia, April 23.—Mrs. Edward McConnell passed away at the home of her parents Mr. and Mrs. W. S. Barbee in this city Sunday afternoon, April 22, following an illness of a week's duration, the direct cause being pneumonia.

Olive Barbee was born near Chandlerville, Ill., Aug. 16, 1898 and was married April 16, 1915 to Mr. Edward McConnell who with an infant daughter Helen Louise, are left to mourn her untimely demise. The deceased is also survived by her parents, two sisters, Mrs. Mollie Fisher and Nettie Barbee, one step-sister, Mrs. Arthur Colston and two step-brothers, Wm. Showalter and Frank Barbee of near this city. Funeral services will be held at the Baptist church in this city, conducted by Rev. Geo. Boyd. Burial in Walnut Ridge cemetery. Brief services at the grave side will be in charge of the Virginia Camp No. 739 Royal Neighbors of America, of which the deceased was a member.

Mr. Jesse Decker purchased the residence property of Mrs. Mary Woodward on South Cass street and will occupy the same, at an early date.

Mrs. Gertrude Wilson and sister Miss Belle Higgins of Rock Island are the guests of their mother Mrs. Sarah Higgins.

The Saxon Lodge of the I. O. O. F. will celebrate their 98th anniversary Thursday evening. An excellent program has been prepared. Refreshments will be served by the Rebekahs.

Fred Collins who enlisted in the U. S. army last week came to this city yesterday and spent the day with his parents.

Mr. and Mrs. Dave Kennedy and Mrs. Hattie Jeffers and son Wilbert and wife of Jacksonville were callers at the home of Mrs. Martha Henderson Sunday.

Mr. and Mrs. W. N. Bobbit and family and Mr. and Mrs. R. D. Omer and daughters Aileen, Helen and Miss Myra Anderson of Chapin motored to this city Sunday and were callers at Mr. and Mrs. Jas. W. Garner's on Sylvan avenue.

Mr. and Mrs. Geo. LaRue and daughter of Jacksonville were guests of Mrs. Edward Chamberlain of Dow City, Ia., who is spending several weeks in this city at the home of her mother Mrs. Martha Henderson.

Miss Olive Fielder of Ashland was a week end guest of relatives in this city.

Dick Harris of this city left for Springfield Saturday to enlist in the U. S. army.

Mr. and Mrs. Newton Branners moved to the Colonial Inn and will again launch into the hotel business.

## RAILROAD TO ASSIST IN MOBILIZING RESOURCES

Union Pacific to Send "Conservation Special" Thru Nebraska Carrying Experts to Advise Farmers on Planting and Harvesting of Crops—Farm Loan Bank to Make First Loans May 1

Omaha, Neb., April 23.—The Union Pacific railroad has announced that as soon as arrangements can be completed it will send a "preparation on the farm" special train thru Nebraska, carrying experts from the agricultural colleges of the middle west with the idea of making practical suggestions to the farmers on the planting and harvesting of crops this season.

Plans for this "conservation special" are being made in accordance with suggestions from the Council of National Defense in Washington, urging the intensive cultivation of every available acre in the nation.

"The Union Pacific is going to do everything in its power to assist in mobilizing the resources of the territory which it serves," says President E. E. Calvin. "At harvest time next fall we want it said that the trans-Missouri country, by keeping Uncle Sam's bread baskets full, has done as much toward the winning of the war as have the eastern states with their munition and shell factories."

Make First Loans May 1st  
Omaha, Neb., April 23.—The first loans by the Omaha federal farm loan bank probably will be made May 1, according to Secretary Frank G. Odell. Spink county, South Dakota, is to receive the first attention of the appraisers, the largest association applying for loans having been formed there. This association is made up of forty-six farmers asking for loans of \$262,000.

With loans starting May 1, the first issue of bonds should be ready for subscription by June 1, and the bank's capital of \$750,000 should be consumed readily once the loans are under way.

### AT MT. EMORY CHURCH

At Mt. Emory Baptist church Sunday evening services were held in observance of health week which is being observed throughout the United States under the auspices of the Negro Business Men's league. A paper, "The Conservation of Health" was read by Dr. R. H. Beverly before a large and attentive audience. The paper was well prepared and contained many helpful thoughts. The observance will continue during the week with various meetings along the same lines.

### NEGO FRIGHTENS WOMAN

A lady residing in the Second Ward reported to this office Monday evening that she had been seized by an unidentified negro while returning home from a pictures show, but managed to make her escape. This incident occurred on North Fayette street about 10:30 o'clock. The woman who did not care to have her name used said that it was the second occurrence.

## I. C. STUDENTS TO BEGIN MILITARY DRILL WORK

Faculty Changes Recitation Hours to Aid Movement—Prizes to be Offered for Proficiency in Drilling.

Plans are rapidly formulating for military work at Illinois college. It was expected that drill would begin Monday afternoon but Major Vickery decided not to start the work until later.

He put the corporals squads thru their work in preparation for the drilling soon to begin. It is desired that the corporals be thoroughly familiar with their work as it will be no small task to whip a hundred green rookies into shape.

### Recitations to Begin Earlier.

At a special meeting of the faculty Monday afternoon action was taken on the petition of the students to reduce the study periods and start work earlier in the morning in order to make suitable hours for drilling.

The faculty decided to start classes at 7:50 a. m. instead of 8:15 a. m. Five minutes will be deducted from each study period. This will result in dismissal at 2:50 p. m. instead of 3:20 p. m. The drilling will be from 3 p. m. until 4 p. m. which will give those taking part in athletics ample time for training.

Announcement of the new arrangement will be made at chapel this morning and probably will become effective Wednesday. If it does it is probable that Major Vickery will begin regular drill Wednesday afternoon.

### Gold Medal for Best Drilled Private.

It also was decided by the faculty in order to stimulate interest in military work that a gold medal will be offered for the best drilled private, the award to be made after a competitive drill the last week of school. Sterling silver badges will also be given to each member of the most efficient squad, this also will be decided by competitive drill.

The question of allowing the young women to take up red cross work also was discussed. It was decided that young women students who wish to take up the work may substitute it for some other work for which they will be given the regular credits. This depends upon whether or not a competent instructor can be secured. If one is secured the work will begin May 1, and those taking the work will be able to get thirty hours of work before the semester ends.

## WINCHESTER LOSES DUAL TRACK MEET

Hopelessly Defeated by Chapin Saturday Afternoon 6:30 to 11—Weather Conditions Were Ideal and Events Were Fast.

Winchester, Ill., April 23.—Winchester was very badly defeated in a dual track meet with Chapin, held at Winchester, April 21. The final score was 63 to 44. Following are the events and contestants which were involved and their places:

50 yard dash: Overton, 1st; Antrobous, 2nd; Fletcher, 3rd.  
100 yard dash: Overton, 1st; Anderson, 2nd; Antrobous, 3rd.  
220 yard dash: Overton, 1st; Anderson, 2nd; Antrobous, 3rd.  
440 yard dash: Duggin, 1st; Bayless, 2nd; Thomas, 3rd.  
880 yard run: Onken, 1st; Bayless, 2nd; no one crossed the line for third.

1 mile run: Duggin, 1st; Smith, 2nd; Coultais, 3rd.  
Javelin: Fletcher, 1st; Smith, 2nd; Moody, 3rd.  
Shot: Williams, 1st; Moody, 2nd; Fletcher, 3rd.

Pole Vault: Antrobous, 1st; Lashmet, 2nd; Bayless, 3rd.

Running broad jump: Anderson, 1st; Williams, 2nd; Overton, 3rd.

The winning contestants of Chapin were: Anderson, Williams, Bayless, Antrobous, Smith, Moody and Onken, and those of Winchester were: Overton, Fletcher, Duggin, Thomas, Coultais and Lashmet. The official starter, B. H. Allen of Chapin was judged a good official and showed no partiality to either team. Robertson Prof. of Chapin high school, was official time-keeper and with the aid of Prof. Smith of Winchester, was also judge of the field events. The first place of each event counted as 5, second place as 3, and the third place as 1.

At dual meet it was considered a rather fast meet. The weather conditions at the first of the week did not look favorable for the meet but the day was considered an ideal day for the event.

## 5,000,000 Corns Lifted Right Off!

### Try 2 Drops of Magic "Gets-It."

There's a wonderful difference between getting rid of a corn now and the way they used to try to get rid of it only four or five years ago. "Gets-It" has revolutionized corn history. It's the only corn remedy

"See? Just 2 Drops of 'Gets-It' Now Tomorrow I'll Just Feel That Corn Right Off—and It's Gone!"

today that acts on the new principle, not only of shriveling up the corn, but of loosening the corn off—so loose that you can lift it right off with your fingers. Put 2 drops of "Gets-It" on that corn or callus tonight. That's all. The corn is doomed sure as sunrise. No pain, or trouble, or soreness. You do away once and for all with toe-bundling bandages, toe-extending salves and irresponsible foot-nots. Try it—get surprised and lose a corn.

"Gets-It" is sold everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Jacksonville and recommended as the world's best corn remedy by Armstrong's drug store, Coover & Shreve and J. A. Obermeyer.

## Girls! Use Lemons! Make a Bleaching, Beautifying Cream

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quart of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold cream. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, smoothener and beautifier.

Just try it! Get three ounces of orchard white at any pharmacy and two lemons from the grocer and make up a quart of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It naturally should help to soften, freshen, bleach and bring out the roses and beauty of any skin. It is simply marvelous to smoothen rough, red hands.—Adv.

## \$100.00 REWARD.

\$100.00 in gold will be paid to whoever suggests the name that the judges select as the one best suited for our new remedy, the wonder tonic Tablet.

This formula has now been completed. It has been passed upon and pronounced good by prominent authorities. It is the last word in a remedy that builds, rejuvenates, invigorates the pale, the tired, the listless.

It is all ready—but the name.

We want the public to name this new wonder remedy and will give \$100.00 for that name.

Send in your suggestions—as many or as few as you like. The selection will be made by a board of five competent men whose decision shall be final and irrevocable and everyone who submits any suggestions thereby agrees to accept and abide by the decision of the Board of Judges.

Contest is open to all excepting the employees of this Company. There are no conditions, no restrictions nor entrance fee.

Send in your suggestions promptly. Every suggestion will be numbered in the order of its receipt. Contest closes May 1, 1917.

Mail all suggestions to the Board of Judges, Care of The Sentinel Remedies Co., Masonic Temple, Cincinnati, Ohio.
